The Veritas Scholarship is a year-long graduate programme like no other. Catapulted to the centre of the key law and culture-making institutions of the world, you will be uniquely positioned to defend fundamental freedoms and promote the inherent dignity of all people.

About the Veritas Scholarship

The Veritas Scholarship is for exceptional graduates of law, politics, international relations, or associated disciplines who want to make a lasting impact at the highest level. Full immersion into the ADF International team and daily work with our advocates provide opportunities to think creatively, apply existing skills, and develop new ones in an international environment. With fluency in English and ideally one other European language, you will conduct legal and political research at our Vienna headquarters, with opportunities to travel to and attend meetings and events arranged by the organizations and institutions with which we work.

You will receive a stipend, paid monthly, and have work-related travel and expenses covered by ADF International. This includes return flights to and from your home country at the start and end of the programme.

About ADF International

ADF International was established to promote human dignity and protect fundamental freedoms. Headquartered in Vienna, and with strategically placed offices in Brussels, Geneva, London, Strasbourg, Washington DC, New York, and Mexico City, ADF International is well-placed to be an influential voice at institutions of strategic international importance – and you can be too.
